

From the Deep The Ojai Whale, Bone by Bone

Make a Donation

COME ALONG AND JOIN IN THE OJAI WHALE "ADOPT" -A- BONE PROJECT

Take part in the Ojai Valley Whale Society's Whale exhibition by participating in the Ojai Whale "Adopt"-a-Bone project. "Adopt" a bone, and your name-or the name of a person, school, or class you wish to honor-will be displayed with the long-term exhibition of the skeleton. When you make your payment, you will receive a "Certificate of Adoption", and your gift will also be recognized in the Society's report.

Gifts to the "Adopt"-a-Bone Project are used for the rearticulation/re-creation and exhibition of the Ojai whale skeleton at a museum that will sustain programs of research, exhibits, publications, music and education. Contributions are tax-deductible to the extent of the law.

\$19,000	Skull (1)	\$2,000	Pelvis (what remains of the Whale's legs-vestigial hind limbs-from when it was a land creature) (2)	\$400	Chevrons (V-shaped bones under tail bones) (14)
\$8,000	Mandible (jaw bone) (2)	\$1,500	Humerus (shoulder ball-joint) (2)	\$350	Caudal vertebrae (smaller tail bones) (7)
\$3,500	Sternum (breastbone) (1)	\$1,700	Rib (14 on right, 14 on left)	\$300	Teeth (from upper jaw) (13/14)
\$2,500	Scapula (shoulder blade) (2)	\$1,000	Lumbar vertebrae (the largest back bones between ribs and pelvis) (14)	\$300	Teeth (from lower jaw) (14/15)
\$4,000	Cervical Vertebrae (5 fused with Axis) (1)	\$750	Thoracic vertebrae (chest area) (14)	\$250	Metacarpals and phalanges (wrist and finger bones)
\$3,000	Atlas (1)	\$700	Radius (outside arm bone) (2)		
\$2,500	Final caudal vertebrae (last three tailbones fused together)	\$700	Ulna (inside arm bone) (2)		
\$2,000	Hyoid apparatus (complex of 5 bones at the base of the tongue) (1)	\$500	Caudal vertebrae (larger tail bones) (10)
